logic and visual puzzles

creative writing

spatial brainteasers

SAMPLE - NOT FOR SALE

Show me!

give an example: to show one thing in a group

A boy from another country does not know what the underlined words mean. Draw or write to **give him an example** of what each word means.

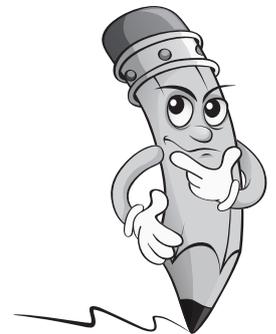

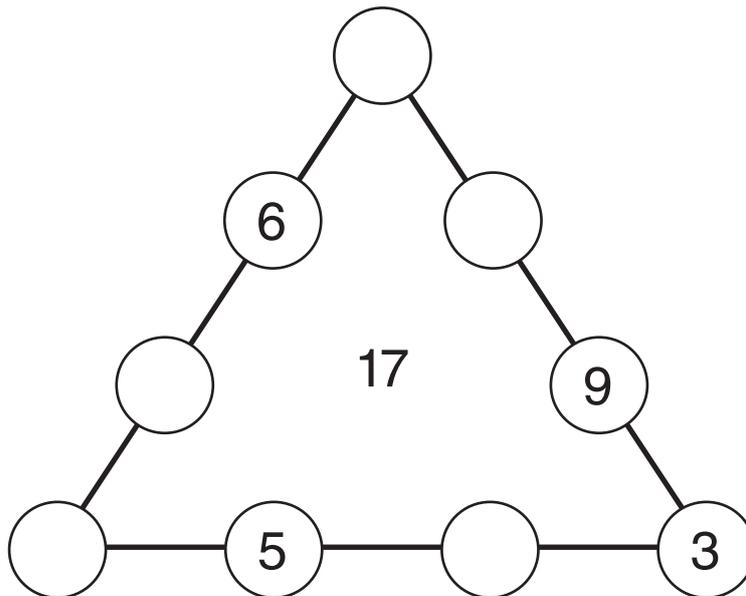

1. a <u>giant</u> thing	2. a <u>narrow</u> thing
3. an <u>ancient</u> thing	4. an <u>amusing</u> thing
5. a <u>fragile</u> thing	6. a <u>powerful</u> thing

Triangle sums

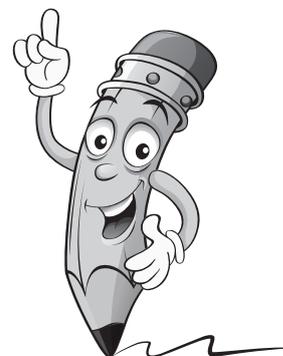

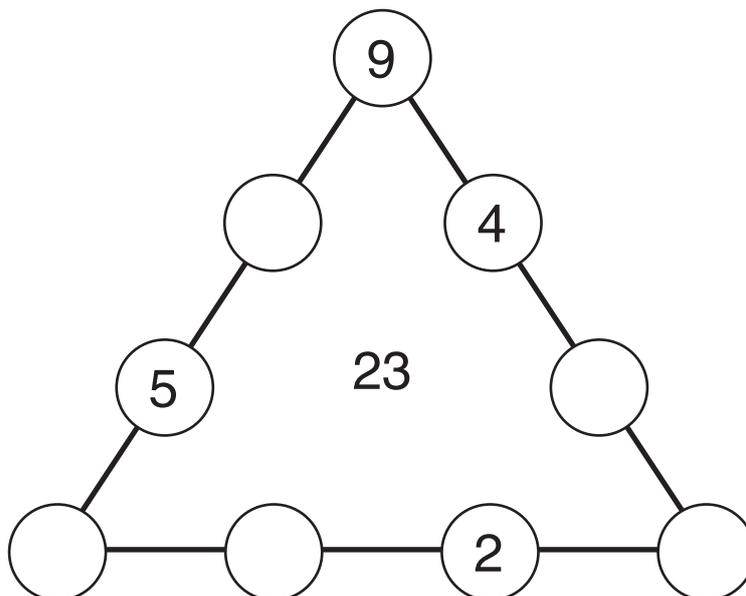

deduce: to use facts to work something out

Deduce which numbers from 1 to 9 go in the circles so that the four numbers along each side add up to the total in the middle. Use each number only once. Some of the numbers have been filled in for you.

1.

2.

Nature's artists

visualise: to imagine how something will look

Read the clues about how the landform was made. **Visualise** what it is and complete the sentence.

1. I was carved by a river. I have very steep sides. If you speak to me, I will respond with an echo.

I am a ₁ .

2. I am so thirsty! I get very little rain or snow. My dry air is often hot, but sometimes it's cold.

I am a ₂ ₃ ₄.

3. I am a mountain with a fountain inside. I contain hot gases and melted rock instead of water. When I get full, it all splashes out the top.

I am a ₅ .

4. I am shaped by wind. I am made of sand. Every time the wind blows, I look a little different.

I am a ₆ ₇.

Use the numbered letters to complete the sentence.

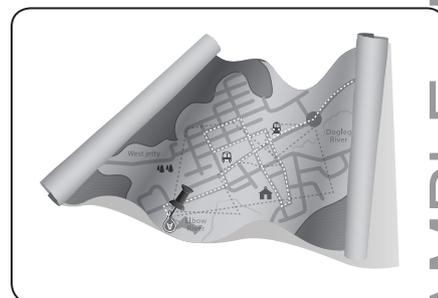

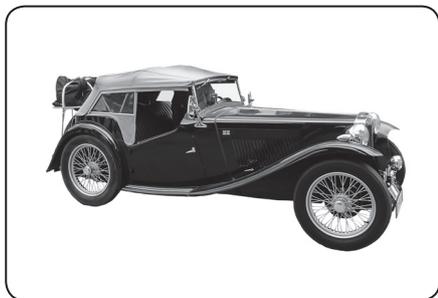

5. Landforms are Earth's ₂ ₁ ₆ ₅ p ₄ ₆ ₃ ₇ ₂.

Name it!

categorise: to name a group

Look at the pictures and **categorise** them into three groups. Name each group, then write what is in each.
